## **3 THE RULES**

### **3.1 The principles of the MGR**

The principles of the MGR will be:

To create a unique solo Mini Globe Race in Globe 5.80 yachts and replica TREKKAs in the image of the original independent Ocean Voyage of TREKKA and John Guzzwel that draws sailors back to the golden age of 'One sailor, one simple yacht facing the great oceans of the world alone. To bring together a group of independent sailors of all ages providing an opportunity to sail safely around the world together in a fleet of similar and affordable yachts in the spirit and freedom of early small boat voyagers.

#### **3.1.1 Single-handed**

It should be understood that the skipper commits, by taking part in the MGR, to sail single-handedly and independently then face all events occurring during the MGR alone. In addition, he/she cannot embark any other person aboard his/her boat between the time of the chosen start time and the finish line of each leg.

#### **3.1.2 With-stops**

It is understood and agreed that the course does allow Pit Stops and does allow unscheduled stopovers, but assistance can only be given once the yacht is anchored, or tied alongside in a port or anchorage and all customs quarantine and immigration procedures of the country involved must be adhered to and are the sole responsibility of the entrant to organise and abide by. It is a criminal offence in many countries NOT to pre-notify them well ahead of an intended yacht arrival.

#### **3.1.3 Without assistance**

It is understood and agreed that in no circumstances can the skipper receive any material assistance or external help, either requested or otherwise, whilst at sea including: Personalised weather assistance or routing. PredictWind GRIB files delivered on a personal satellite texting unit like an IRIDIUM GO are allowed.

##### **3.1.3.1 Routing is forbidden**

Personalised private meteorological or geographical assistance, also named "Routing". Routing is forbidden once the entrant leaves the dock heading to the start of the Race.

A signed statement by which each Skipper commits to this rule, both in a personal capacity and on behalf of his/her sponsors and his/her shore crew, will be required before the start. A statement confirming their compliance to this rule during the MGR will also have to be signed after the finish by each skipper.

### **3.1.3.2 Assistance or outside assistance**

During the MGR, a skipper cannot have any physical and/or material contact with any other person nor with any other vessel or aircraft while underway. He/she cannot be provided with any supplies or physical assistance in any way Unless at anchor or alongside in a port.

### **3.1.4 Entrant responsible for own 24hr safety watch.**

The entrant acknowledges that while participating in the MGR event with like minded sailors in similar boats , the sole responsibility for organising a 24 hour safety watch rests with the Entrant before departure. The Entrant has multiple satellite communications devices available and EPIRBS registered to Next of Kin in their own country to facilitate this. The entrant will always first notify the responsible person of their choice, being the "Manager" defined in this Pre-Notice of Race, that they are about to set off and then cancel their safety watch when they make any port, Pit-stop or unscheduled stop. The manager must then notify MGR control with details. It is the Manager's exclusive task and decision to alert National Rescue Authorities of any Overdue sailing plan, missed communications or reasonable concerns. The MGR organisers may assist the manager with advice and opinions, but the entrant is always considered an independent voyager, responsible for lodging their own sailing plans with their Manager listed at all times as the responsible person. The MGR organisers accept NO responsibility for the entrant's safety whilst involved with the event and by entering the MGR the entrant agrees that he/she is an INDEPENDENT VOYAGER sailing in a group of like minded similar independent voyagers, on an ocean challenge and accepts this provision and fact and will never dispute it.

### **3.1.5 Medical or paramedical assistance**

Long-distance medical advice by Sat-phone, Radio or otherwise is permitted. Authorised medical advice means any remote intervention by a doctor to aid a competitor in administering the necessary treatment. The skipper must FIRST inform his MANAGER who must then inform MGR every time he/she requires medical advice , even if from their family doctor, or consulting with the relevant

TMAS provider. The Manager must keep MGR control advised of all medical situations before, during and after the issue.

### **3.1.6 Stopovers or assistance**

If for any reason whatsoever, an entrant receives material assistance of any kind or makes an unscheduled stopover in a port other than approved pitstop ports, every effort should be made to notify the responsible person "Manager" of intentions before such actions and when about to get underway again. The Manager must then pass this information to MGR control. Failure to do so may result in a 24 hour time penalty.

### **3.1.7 Banned equipment**

The following are typical things NOT allowed. Electronic wind instruments, electronic log, routing software programs, electric watermakers, carbon fibre, Spectra, Kevlar, Vectron, (except for running rigging) any high-tech materials etc. Predominately Black, Grey or white wet weather gear, Satellite equipment or systems to transmit video footage off the boat. Fuel cells, water generators.

### **3.1.8 Engine**

No Internal combustion engines are allowed onboard. Electric outboards, including self charging units, MINIMUM to equivalent 3hp 1000W may all be used at any time. Except within 10 miles of any LEG start or finish line. They may be used for all pitstop ports entries and departures. Human power is not allowed except in an emergency. ONE spare standard Battery only for that electric motor may be carried onboard.

### **3.1.9 Disqualification**

Failure to comply with any one of these rules, will lead to the skipper having to abandon the Race, unless the incident meets the exceptions as described below. If an infringement is established after a decision of the Jury, the applicable penalty will be disqualification.

### **3.1.10 Clarifications**

The MGR has **NO Yacht Racing Rules** and NO traditional yacht racing protest procedure. It is an 'Adventure in the Spirit of the original TREKKA Voyage'. Entry is by invitation only and to be accepted the entrant agrees to these simple provisions. There are NO protests or protest procedures. If you request a **Clarification** or review on any issue (including against another entrant) after the Race has started, it will be considered by the JURY in the Spirit of the MGR. **Clarification requests** should be in writing, or by recorded sat phone call and will be accepted from

Entrants or Managers only. A *Euro 75* fee is required for each **Official Clarification and review**. A formal response will be given to all **Official Clarifications** and made public. The Jury decision is final.

### **3.1.11 Emergency Water**

An entrant must finish each leg of the race with the security sealed 9 ltrs emergency water and the Grab bag sealed, water intact or face a 48hr time penalty for each broken seal. If the security seal on the Survivor 06 manual desalinators is broken the entrant will be given a 48 hour time penalty.

### **3.1.12 Sails**

Original Class 5.80 one design Quantum sails **MUST** be used in the MGR but any strengthening or extra anti chafe material may be fitted only after a plan being submitted for each sail to the organisers for approval. A maximum of seven sails (not including a trysail) can be carried during the MGR. Any new sails brought onboard during the race, except for storm Jib, is subject to a 48hr time penalty.

### **3.1.13 Communications and safety equipment test.**

Within 12 hours before departure from any and EVERY port the entrant **MUST** confirm by "verified" communications check with the manager, that the satellite phone, the second satellite comms device, the YB3 tracker, the HH VHF and the main VHF radio, the AIS and the Echomax Transponder are all functioning correctly and that the Panic bag and life raft remains sealed and that the first aid kit is complete. The total amount of fluids on board must also be declared. If any one unit or situation fails this test, then the entrant **MUST NOT** leave port until it is rectified. The manager must confirm all units are operational to MGR control before the entrant's departure. Failure to comply with these instructions for the entrant and Manager may result in disqualification.

## **3.2 Exceptions to the application of these rules**

Exceptions to the application of these rules will be:

### **3.2.1 Preamble**

*Any exception to the application of these rules will be authorised and approved, in writing, by the MGR Director or Chairman. It will only be granted if it allows a boat to stay in the event. Their application will be checked by the MGR Director or Chairman, using all means and at its discretion.*

*At the request of the MGR Chairman following the claim of another entrant or the*

*organiser, the implementation of these exceptions may be subject to review by the jury and may incur a penalty (time or financial or both) up to and including disqualification from the Race.*

## **7 COMMUNICATION**

### **7.1 Image**

#### **7.1.1 Image rights**

Under the provision of these MGR rules regarding the organisation and the promotion of the MGR 2025, skippers of the MGR are reminded that their entry into the event means their image and their name, the image of their boat, their sponsor and partners as well as their shore team and family members present in Antigua and other MGR ports , and all other event venues (public places, media centre, pontoons, boats at pontoons, passenger boats) can be used by The Organiser and the appointed suppliers for the event's communication to communicate and/or promote the MGR on any territory, in any medium, with no limitation in time for their exploitation.

It is agreed that these images can be used in normal anticipated conditions and without malicious intent. By entering the MGR the skipper without reservation agrees to this and will notify the affected parties within his/her team of their obligations in regard to this.

#### **7.1.2 Competitor copyright**

Copyright of all media associated with the 2025 Mini Globe Race created by an entrant before and during the MGR, remains vested with the entrant, but the entrant agrees to licence all of it back to The Organisers and provide free access to it all, giving exclusive permission to The Organisers or its Executive Producer to use/share/distribute/alter it as part of a joint sharing arrangement, so that competitor materiel can be used by the Organiser to promote the MGR in any

media and produce the official documentary, TV Series, Online Updates etc and book. By entering the MGR the skipper agrees to this without reservation.

Whilst the Entrant is free to produce their own Voyage documentary, substantially about their individual efforts and endeavours in the MGR, the Entrant also agrees that the Organiser owns the exclusive copyright to the Mini Globe Race as an Event and solo transatlantic voyage, in its entirety. Rights to the Official Documentary and International TV series may be assigned to the Executive Producer and the Entrant acknowledges that. The Entrant therefore agrees not to become involved with any company, organisation or individual creating a television or online production based on, or perceived to be telling that whole comprehensive Race story, in part or in full, with information, interviews, pictures and vision from a multiple of entrants more than two, without the express written permission of the event Organiser.

## **7.2 Use of MGR Logo**

Communication by the participants using the MGR official branding: participants trademark block of logos and/or logo.

### **Preamble**

The trademark block of logos will combine all logos (To be advised) of the official sponsors of the MGR. The "Participant" trademark block of logos will also combine all logos of the official sponsors of the event, but will also include the word "Entrant".

### **7.2.1 Use of the Logo and Mini Globe Race Participant trademark block of logos**

The use of the MGR Logo and Participant trademark block of logos will only be permitted to the following two categories of participants:

- Participants whose skipper, pre-registered, have received a pre-registration number.
- Participants whose skipper has finalised his/her registration.

### **7.2.2 Use of the Logo and Participant trademark block of logos**

These participants will be allowed to use the logo and the "Participants" trademark block of logos for any internal or external communication operations as well as on their merchandise that is not being sold, only if they wholly respect the rules for the use of the MGR official branding, described in Appendix 7.

### **7.2.3 Communication by The Organiser relating to the participants of the event.**

It is the pre-registered Entrants responsibility to provide all the necessary elements

for the production of the event communication tools (Media guide, Official program, Website, MGR Book and Documentaries.) royalty free, and in the period requested by The Organiser.

### **7.3 Audio-visual and photo images required (Appendix 6)**

**7.3.1 The entrant must provide the following Media by the dates specified.**

To be advised. In the final NOR.

## **8 INSURANCE**

### **8.1 Organiser's insurance**

It is clear that each entrant in the MGR is an independent ocean voyager not relying on the MGR for anything important in relation to their own safety or well being during their involvement and participation in the MGR. The Organiser may however subscribe to and have in place an insurance policy covering public liability in accordance with the government code applicable at the time.

### **8.2 Participant's insurance**

Each participant must subscribe to:

A public liability policy for his/her participation in the event and for the boat, to a minimum value of Euro \$2 Million. An insurance certificate, issued by a solvent body of unquestionable reputation, must be included in the registration pack.

## **9 RESPONSIBILITIES**

### **9.1 Organiser's insurance**

The Organisers public liability insurance may be established by January 2025. The insurance cover will cover nautical events at sea in compliance with the international norms applicable in this case.

#### ***Participant's insurance***

Each entrant must provide copies of a Euro \$2 million Liability insurance policy with an acceptable insurer with the Registration Pack.

### **9.2 Monitoring**

The monitoring, in particular via radio and/or phone (Inmarsat or Iridium) or satellite tracking, which may be undertaken by the event Organiser, must be considered by the skippers as optional and random and cannot be relied on as an

added safety tool.

### **9.3 Risk**

The skippers undertake this voyage at their own risk and peril and under their own responsibility. It is the responsibility of each skipper to judge, given his/her skills and qualifications, the equipment he/she requires, the weather forecasts, etc...whether to start the voyage in the first instance and whether to continue sailing. The skipper accepts that the equipment requirements to participate in the MGR are minimal and by entering the event agrees that in their own opinion, this is sufficient for the safety and wellbeing of the entrant to complete a seamanlike Solo circumnavigation voyage. The entrant also accepts and agrees that the organisers are non-expert in the running of such events and he/she does not rely on any aspect of the advice, opinions or rules of the MGR before or during the event in making the decision to attempt this Race.

#### **9.3.1 Challenge**

By entering the MGR the entrant, having considered all the equipment conditions and restrictions on sailing gear to sail in this event, described in this Pre - Notice of Race, agrees and accepts that, even with these restrictions on equipment, the Entrant can keep themselves and their boat safe during this event and therefore freely accept without conditions all those restrictions of equipment allowed on board during the MGR .

#### **9.3.2 Personal responsibility**

By entering the MGR the entrant accepts that at any time leading up to the start of the voyage, or at any time thereafter, including during the voyage, having gained new skills and sailing experience or insights into the challenge of the MGR, that suggests in his/her own opinion, that to remain as an entrant in the MGR would be reckless or excessively dangerous to them or their boat, that it is then their sole responsibility and duty to withdraw immediately. The entrant also accepts that the organisers of the MGR are NOT responsible for their safety, or 24hr safety cover during the course of the entrants independent voyage and that all EPIRBS and safety voyage plans are registered with their own team manager and next of kin, who are the first point of contact for any emergency at sea, by any Rescue Coordination Center. The entrant confirms that the responsible person for their safety and voyage planning other than themselves is their designated MANAGER and their manager is responsible for keeping MGR organisers updated of the entrants voyage in a timely manner.

### **9.3.3 Solo sailing**

By entering the MGR the entrant accepts and agrees with the fact that solo sailing of any kind, especially attempting to sail solo around the world, is dangerous with inherent risks that can and does cause serious injury and even death and that the obvious risk associated with this type of activity, including NOT being able to maintain a 24 hour lookout, is one of the very real attractions to enter and agrees that the entrant is a risk taker and that this is an important part of the reason the entrant will enter the 2025 MGR.

### **9.3.4 Indemnity**

It is a requirement of the MGR that all entrants sign an indemnity form removing the Organisers, sponsors, managers and any employees or volunteers involved with the MGR from any liability whatsoever, to them or their next of kin due to their participation in the MGR, which is simply bringing together a group of independent voyagers to foster a fellowship of the ocean and adventure and that by entering the event the entrant agrees to do this and will never dispute it .

### **9.3.5 Proper court**

Any question or request for damages arising from an incident involving a boat entered in the MGR depends on the appropriate courts and will not be dealt with by the MGR jury.

### **9.3.6 Boating legislation**

The boat's owner or other person in charge shall, under his sole responsibility, make sure moreover, that his boat complies with the equipment and safety rules required by the laws, by-laws and regulations of all Ports visited and their country of ships registration at all times.

## **10 PENALTIES**

Fines are required for the safe and efficient management of the MGR. There is no reason for any sensible entrant ever to be fined. Once a boat enters the MGR Marina /Race village prior to the start, any and all fines issued thereafter "MAY" include an "Appropriate" time penalty at the sole discretion of the MGR committee. Penalties not mentioned elsewhere will include the following.

### **10.1 Race branding**

A Euro 500 penalty, including tax, will be applied for every non-adherence to the clauses in article 5.

## **10.2 MGR logo**

Use of the logo or the Participants trademark block of the MGR.

A Euro 250 penalty, including tax, will be applied for every non-adherence to the clauses in article 7.

## **10.3 Non attendance**

Presence in Antigua and all leg stopovers and MGR venues, at official receptions and briefings.

A Euro 250 penalty, including tax, will be applied each time a competitor does not attend a briefing or an official event or the boat is not on the Marina at the date and time specified in the Notice of Race and its appendices. Should the delay or the infraction exceed 24 hours, this penalty may be applied for each 24-hour delay.

A Euro 250 penalty, including tax, will be applied each time a competitor and/or his/her team manager (if requested) does not attend an official briefing organised by the MGR Director.

## **10.4 Safety Compliance**

A Euro 150 penalty, including tax, will be applied each time a competitor does not comply with the rules of the safety equipment inspection. This will be applied to an Entrant failing their second and each subsequent safety inspection.

## **10.5 Media**

A Euro 150 penalty, including tax, will be applied each time a competitor does not attend an official event, a media event, Official Media Photo shoot, hospitality event, the skippers' greeting event upon their arrival and/or the prize-giving. All such compulsory events will be notified on the MGR Notice Board.

## **10.6 Payment**

All fines must be paid within 30 days of receiving the invoice and before being issued with Official MGR Branding and before a GREEN CARD is issued as well as fully paid before any prizes or trophies are presented at the conclusion of the MGR.

It is described in the original March 2020 Press releases, and the [www.MiniglobeRace.com](http://www.MiniglobeRace.com) web site, and MGR Facebook page. The concept and detail of the Mini Globe Race as a non-stop solo Voyage around the world is also well described here in this Pre - Notice of Race. Utilising Simple home built Globe 5.80 Yachts in the spirit of simple Ocean Voyaging. All this information

combined is documented in and has been transmitted around the world with various Press Releases and Media Notifications first released in March 2020.

The Mini Globe Race will evolve into various future editions of a similar nature, with the unique principle of celebrating the achievements of the original TREKKA circumnavigation. These ideas, themes and actions make up the principle elements, but not the only elements of the intellectual property for the Mini Globe Race owned exclusively by DON McINTYRE. The intellectual property rights contained herein are pending registration as an original idea of DON McINTYRE.
